BUNCO

BUNCO is a fun game - (similar format to Crazy Whist- but played with dice)
 Partake in an enjoyable evening after dinner, playing a non-gambling dice game, with numerous "Cash Prizes" for winners.

The Game revolves around groups of 4 people (who regularly change partners) but with each person having their own individual score sheet. These score sheets are added up at the evening's end with Cash Prizes for numerous winners *plus* a special **Bunco Prize**.

The rules are extremely simple and explained on the night - with an experimental game 1st. The evening is broken into 3 segments, with 2 x 20 minute breaks in between the segments, plus a break at the completion of the last game while the results are tallied. During these breaks, the bar is open for refreshments, as well as partake in friendly social conversation.

Children are welcome also if over 10 years of age and responsible, as from past experience, we know adults have enjoyed some younger participants.

DON'T BE BONCO - BE HERE FOR BUNCO (you'll be so glad you did)!

PLEASE FILL IN THE BOOKING SHEET IN CLUB ROOM PLEASE
